Ayurveda Parkschlösschen wins at the World Luxury Spa Awards 2016

In 2014 already the Ayurveda Parkschlösschen was honoured with the World Luxury Spa Award as Global Winner in the category “Luxury Ayurveda Spa”. The Parkschlösschen team is very pleased that it was able to repeat this success this year and once again, the Ayurveda Parkschlösschen has been chosen as “Luxury Ayurveda Spa”.

Carina Preuß, a member of the management board, received the award during a festive gala in the Swiss town of Pontresina on 18th June.

Since 2007 the World Luxury Spa Awards have been presented at national, continental and international level and since then have established themselves in this sector as a recognised public choice award.

The decisive criterion for the nomination by “World Luxury Hotel Awards” (a well-known organisation supporting international and luxury hotels) is above all, the unique concept and the excellent service level offered at a hotel. The winners are determined exclusively by guest voting.
