The Ayurveda Parkschlösschen  
wins the World Spa & Wellness  
Award 2013

On 24 February 2013 the Ayurveda Parkschlösschen was presented with the **World Spa & Wellness Award for "Destination Spa of the Year – Europe"** during a gala evening at London's Hilton Park Lane. This award is given by the Professional Beauty group, London, which has granted the UK Spa and Beauty Award and also the UK Professional Beauty Award for the past 16 years. The winners are determined by a competent, independent and international jury.

For the award in 2013, top-class hotels and resorts from around the world competed in 10 categories. The Parkschlösschen was the only German hotel among the nominees. After a complex and intense evaluation process taking place over several months and including an official visit, as well as an anonymous test visit, the jury made its decision.

By awarding this prize, the panel of experts honours the holistic concept of the Ayurveda Parkschlösschen which has practiced the traditional Ayurveda art of healing authentically and consistently for the past 20 years with heartfelt dedication, knowledge and wisdom.

**The entire Parkschlösschen team is particularly happy to receive this special award in the year of its 20<sup>th</sup> anniversary. Also the guests of the Parkschlösschen have made a significant contribution to this success. The entire team would, therefore, like to extend their sincere thanks to all of the friends of the Ayurveda Parkschlösschen for the many years of loyalty and support.**
